

# TX-AAFT012

## THERMOSTAT

Characteristics	M.U.	TX-AAFT012	Accessories/Options	
Setting range	°C	0-60	Pack of 5 devices installation accessory for electric enclosures	TX-AAWFT10
Switch difference	K	7		
Contact	-	NO		
Switching capacity (resistive load)	A	10		
Max. tension	V	250 AC		
Dimensions HxWxD	mm	60x33x35		
Sensor element	-	Bimetal		
Electrical connection	-	2-pole terminal(2,5 mm <sup>2</sup> )		
Operating temperature limits	°C	-20 +80		
Protection level EN60529	-	IP20		
Mounting on clip for DIN bar	mm	35		
Weight	Kg	0,036		
Conformity	-	CE		

### Dimensions

Thermostat extremely compact with quick snap-in installation and a wide adjustment range. It has a normally open contact and used mainly to control the fans, heat exchangers or as a maximum temperature signal.
