

Infinity 3G Sunroof

A sunroof to suit PRIMO and CENTRO range enclosures.

- Designed, constructed and positioned on the enclosure to ensure metering equipment does not exceed of specified operating range.
- Thermal insulation preventing solar irradiation heating up the enclosure roof.
- Reversible mounting design to suit any environment.
- Manufactured from 1.6mm thick zinc coated steel. Stainless steel available on request for use with stainless and aluminium enclosures.
- Powdercoated Light Grey RAL7035
