

# BRILLIANT

...the latest in power distribution solutions

## Network Metered PDUs (ES1000 Series)

Power distribution products

- Power & energy metering and monitoring (V, A, VA, kWh, pf)
- Input phase & circuit breaker metering
- Embedded memory log to record/view/report historical data
- User customisable alarm thresholds & notifications
- Low profile, space saving design
- Temperature stable, hydraulic-magnetic circuit breakers
- Colour-coded and locking IEC receptacles and locking power cord compatible
- 3-digit LED display for current (A) and IP address display
- Plug & play external environmental sensors
- Supported by Enlogic management software
- Up to three (3) multi-user accounts
- HTTP web access
- SNMP v1, v2
- RS-232 Serial communication
- Telnet
- EN?IEC60950-1 Safety
- CE approval
- ROHS, WEEE environmental approvals

Real-time metering and network monitoring of power loads for overload avoidance, capacity and load balancing and energy use optimisation.
