

## Polynova PC

A general purpose enclosure for use in a variety of applications.

- Suitable for housing terminations and electrical components for low voltage control systems and distributions.
- Designed to resist mechanical impact and aggressive chemicals.
- UV stabilised.
- Easy to drill, punch saw or file.
- Easy to install with raised mounting points to prevent build up of materials behind enclosure body.
- Thermoplastic screws to ensure protection from corrosion.
- Manufactured from
  - Opaque parts—glass reinforced polyester/polyamide
  - Transparent parts—polycarbonate
- Surface finish Natural RAL7035.
